## Waterfall Weddings

*Do you love the outdoors?*

*Planning a small, intimate wedding?*

*Looking for something different in your wedding?*

**If you answered “Yes” to any of these questions a Waterfall Wedding could be for you!**

Waterfalls are an unforgettable backdrop for your wedding ceremony. We have scouted numerous waterfalls throughout North Georgia that are perfect for your intimate wedding ceremony. Whether you are staying in Dahlonega, Ellijay, Helen, Blairsville, or any other North Georgia town, we know of a waterfall near you. We provide your minister and photographer in addition to guiding you to these unique ceremony sites. Let us handle all of the details for you!

Here is how it works... You tell us where you will be staying and how many guests will be with you. If you need suggestions, we can recommend cabins, B&B's, lodges, campgrounds, and hotels depending upon your budget and needs. We will also ask you questions about the type of ceremony you would like (traditional, non-denominational, inter-faith, commitment ceremony, etc.) Waterfall weddings lend themselves to small weddings of less than ten people. We will select the waterfall and custom design wedding vows that will best fit your vision.

On the big day, we meet you at a convenient location (usually where you are staying) and you follow us to the falls. Be sure to bring your flowers! Also, please wear comfortable shoes and carry the shoes you will get married in with you. Some of these waterfalls require a walk and take a little work to get to... but they are worth the effort!

Once everyone is in place, our minister will lead the ceremony while our photographer takes photos. After the ceremony the additional photos will be taken at various locations using the falls and vegetation as backdrops. Then we will escort you back to where you are staying. Usually the entire event takes between one to three hours depending upon travel time. We will then provide you with an SD card containing all your photos along with a copyright release. This means you can take these images and have as many photos as you like printed for family and friends!

Please note... We only recommend Waterfall Weddings for small weddings of up to ten guests. Space at the falls is limited. And the sound of water moving over the falls, although beautiful, can make it difficult for your guests to hear the vows if your group is larger than ten guests. Also note that all of our waterfall ceremony sites require a short hike and are not handicap accessible.
